

## Qolsys IQ Panel

All in one. Always connected!

The Qolsys IQ panel redefines “all-in-one”. Behind the 7” touchscreen are six communication radios - Wi-Fi, cellular, Z-Wave, Security RF, image sensor radio and Bluetooth, supporting wireless connectivity, security and home control.

Running on Google’s Android OS, the IQ Panel is intuitive and easy to use. Innovative features include system disarm photos taken from the built-in camera, dual path connectivity and interactive services.

When not in use, your panel turns into a customizable photo frame.

# Stay connected to your home 24/7, wherever you are!

Control your home  
with your **smartphone**,  
**tablet** or **computer**.

## VIDEO SURVEILLANCE

- View what's going on in real-time in your home or cottage
- Record certain events at set times
- Get immediate notifications and video segments upon motion or alarm detection

## WI-FI DOORBELL CAMERA

- Receive a notification when the doorbell is pressed
- Speak with visitors through the built-in speaker
- Record video clips when the doorbell is pressed
- Monitor your front door at any time by starting the video from the app

## DOOR LOCK

- Unlock your door remotely before you arrive
- Arm your system and the door locks itself automatically
- Allow a guest to enter your home even if you're not there
- Receive a notification when a door is left open or is closed

## LIGHTING AND ELECTRICAL

- Turn your lights and other small electrical appliances on or off or dim the lights remotely
- Turn on your appliances in advance (e.g., slow cooker)
- Coordinate the lights with your alarms (e.g., the lights will turn on automatically in the event of a fire)

## THERMOSTAT

- Set the temperature remotely even when you're not there
- Help reduce your energy consumption and costs
- Stay aware of any fluctuations or equipment malfunction
- Set your system to turn off the furnace fan in the event of a fire

## GARAGE DOOR OPENER

- Open and close your garage door remotely
- Set your garage door to close automatically whenever the system is activated
- Receive a notification as soon as your garage door is open
